Professional Experience

- Machine Learning Intern, Amitech Projects PVT. LTD.** [🔗](#) 06/2024 – 07/2024
Gurugram, India
- Developed a machine learning model for **helmet and vest detection** using **Python**, using **TensorFlow**, **OpenCV**, and **YOLOv5** to enhance construction site safety by identifying compliance with safety gear regulations. Implemented **image processing techniques** and achieved **high accuracy** in diverse conditions.
- Machine Learning Intern, Cognifyz Technologies** [🔗](#) 04/2024 – 05/2024
Nagpur, India
- Performed machine learning on restaurant dataset. Employed **Data analysis**, **Visualization**, **Recommendation system**, **Logistic Regression Model**, **Random Forest Model** to optimize data insights. Utilized **feature engineering**, **dimensionality reduction**, and Python libraries like **scikit-learn** and **Seaborn**.

Projects

- Object Detection Model using Convolutional Neural Network** [🔗](#) 02/2024 – 04/2024
- Object detection model that identifies objects like **person, car, chair, bottle, dog, bird, bicycle, horse, aeroplane, train, motorbike, boat, dining table, tv monitor**. Leveraging deep learning techniques, **CNN architecture**, with libraries like **TensorFlow**, **Keras**, **OpenCV**, **Matplotlib**, **SciPy**, **YOLOv5**, **CUDA** and **cuDNN**.
- Water quality analyser and potability prediction system-** [🔗](#) 09/2023 – 11/2023
- Designed a Prediction System using Python. Using **Machine learning algorithms (Logistic Regression, Decision Tree, Random Forest, KNN, SVM, Naive Bayes)** to predict drinkability with an **80% accuracy**, achieved in **Random Forest** model.

Skills

- | | |
|---------------------|--------------------------------|
| • Deep learning | • Microsoft Power BI |
| • Python JAVA C/C++ | • Data Structures |
| • Machine learning | • Data filtering and Analytics |
| • Django framework | • SQL |

Education

- B.tech Computer Science in AIML, The NorthCap University** 08/2021 – 08/2025
Gurugram, India
- CGPA : 7.65/10
- 12th Senior Secondary School, KARAN PUBLIC HIGH SCHOOL** 04/2019 – 04/2021
Dujana, India
- Aggregate 84.4%

Certificates

- | | |
|--|---|
| • AWS Academy Machine Learning Foundations 🔗 | • AWS Academy Cloud Foundations 🔗 |
|--|---|

Subjects

Software Engineering & Project Management

Problem Solving and Design Thinking

Data Structures and Algorithms

Operating System

Database management system

Introduction to Artificial Intelligence & Machine Learning

Computer Networks

Entrepreneurship

Theory of Computation

Reinforcement Learning

Deep Learning

Cyber Security

Computational Linguistics and Natural Language Processing

Computer Vision

Artificial Intelligence for Robotics

Applied Artificial Intelligence and Expert Systems

Analysis and Design of Algorithms
